

Serv Safe Food Protection Manager (Level 2) Training Course & Hepatitis A Vaccination Series!

March 1, 2017 was the deadline set by ODH for each class III or IV licensed food facility, to have at least one supervisor certified with Level 2 Food Safety Management Training. This training will provide you with 15 hours of classroom instruction on food safety. Once you receive a passing score on the exam, we will submit your results to the Ohio Department of Health and they will issue you an Ohio Certification stating you have been through the training.

If you currently have Level 2 training, please make sure your proctor submitted your score to the Ohio Department of Health and that you received your Ohio Certification. For more information on this visit, <https://www.odh.ohio.gov/odhprograms/eh/foods/cert/cert.aspx>

WE ARE NOW OFFERING HEPATITIS A VACCINATION SERIES!

Hepatitis A is a highly contagious infection that is usually spread when a person unknowingly ingests food or drinks that have been contaminated by small amounts of stool from an infected person. For this reason, we are offering food establishments the opportunity to **BUNDLE** the Hepatitis A vaccination series with their ServSafe course! (see registration form for details)

If you have any questions please call Michelle at Marion Public Health at 740-692-9118, or email at mreale@marionpublichealth.org.

In Class Instruction and Test (\$125.00) (no vaccination)

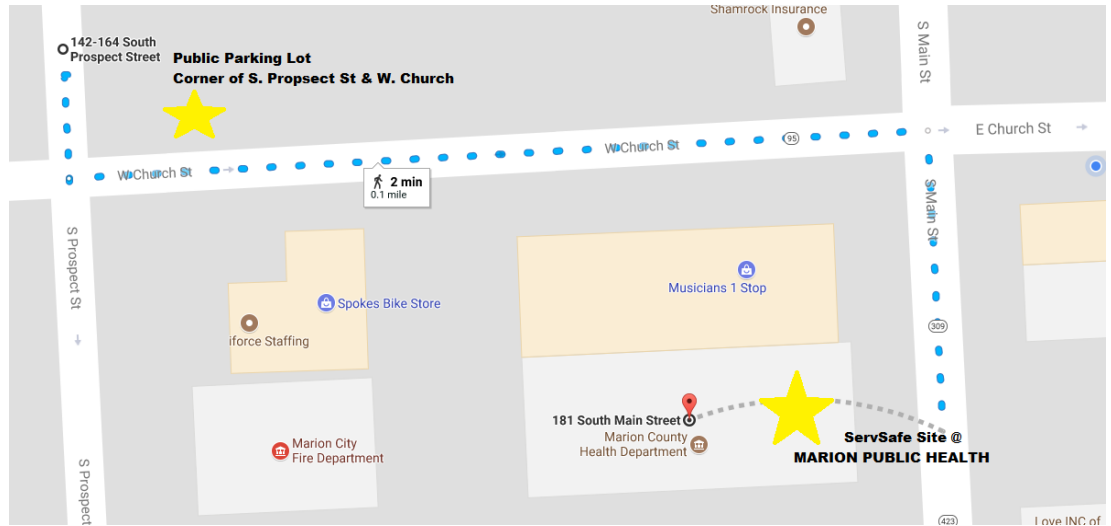

Price of \$125.00 per person includes a 15 hour instruction course (2 day) by Mike Tedrick and certification test (passing score required).
