

## ServSafe Food Protection: Manager Certification Training

Marion Public Health is happy to start offering Servsafe Manager Level Food Safety classes in our building again for 2021. The deadline to have at least one member of your facility certified in Food Safety Manager training was 4 years ago on March 1, 2017. While we encourage you to have multiple people receive this training, the state of Ohio **mandates that at least one person in a Risk Level 3 and 4 facility** have this certification. This training will provide you with 15 hours of classroom instruction on food safety. Once you receive a passing score on the exam, we will submit your results to the Ohio Department of Health and they will issue you an Ohio Certification stating you have been through the training.

If you currently have the Manager Certification Training completed, please make sure your proctor submitted your score to the Ohio Department of Health and that you received your Ohio Certification. For more information on this visit, <https://odh.ohio.gov/wps/portal/gov/odh/know-our-programs/food-safety-program/food-safety-certification/mgr-cert-guidelines>

### 2021 Marion, Ohio Training Dates

Monday, August 30th and Thursday, September 2<sup>nd</sup> 2021
